

Boroondara Sports Centre

Mono Hypar Umbrella

As part of an upgrade to the Boroondara Sports Centre the council wanted to provide additional shade areas at each end of the heated outdoor pool.

To compliment the large Duo Hypar structure that was installed on the Northern side of the pool it was proposed to install two 9 metre x 9 metre Hypar umbrella structures at each end.

These large structures provide a shaded assembly area for swimming groups and pool users as they extend partly over the pool apron.

Client:
City of Boroondara

Location:
Balwyn

Date of Completion:
October 2010

Product Type:
Hypar umbrella

Fabric Type:
HDPE – Monotec shadecloth

Steel Finish:
Hot dipped galvanized and
Luxathane coated

Scope of Works:
Design
Engineering
Manufacture
Project Management
Install

Area of Coverage:
81 m2 each

Function:
Partial shading for pool ends
