

Dawson Street Kindergarten

Hip & Ridge Structure

Dawson Street Kinder were having their outdoor play space revamped and the design and Project Management were carried out by Council's in-house Landscape Architects.

Moreland Council had recently completed number of shade project at their outdoor pools with Shade Living and were very satisfied with the results and hence contacted Shade Living to assist with the design and construction of the shade for this centre as part of the works.

A small hip and ridge structure was deemed the most appropriate structure to provide efficient shade to the sandpit and adjoining deck area.
