

Glen Eira Mulch Pit Cover Barrel Arch Structure

The Glen Eira City Council built a concrete walled bunker for the collection and storage of mulch that is generated from the maintenance of their parks and gardens. A lightweight roof structure was required to complete the works.

The barrel arch structure provides good access for trucks and machinery and the fabric membrane roof maintains a corrosion resistant waterproof cover.

Client:
Glen Eira City Council

Location:
Caulfield, Vic

Date of Completion:
August, 2009

Product Type:
Barrel Arch Structure

Fabric Type:
PVC – Mehler FR900

Steel Finish:
Hot dipped galvanized

Scope of Works:
Design
Engineering
Manufacture
Project Management
Install

Area of Coverage:
120 m2

Function:
A waterproof roof structure
over a mulch storage pit.
