

# Hays Paddock Playground

## Custom Shade Structures

The City of Boroondara commissioned Mary Jeavons Landscape Design to renovate a playground area at the very popular Hays Paddock site in East Kew.

The Jeavons design involved equipment and pathways constructed to represent insects and animals to enhance the children's play experience.

In keeping with this theme two custom designed shade structures were installed, these units featured printed fabric panels that were fixed to curved frames to represent the shape of butterflies gliding above the play equipment.

The result is two iconic shade structures that highlight the area and maintain the strong landscape design theme.

**Client:**  
City of Boroondara

**Location:**  
Kew, Vic

**Date of Completion:**  
March, 2006

**Product Type:**  
Custom Shade Structures

**Fabric Type:**  
Micro perforated PVC – Soltis 86

**Steel Finish:**  
Luxathane coated

**Scope of Works:**  
Design  
Engineering  
Manufacture  
Project Management  
Install

**Area of Coverage:**  
60m<sup>2</sup>

**Function:**  
Custom shaped shade structures to compliment a new playground design.
