Shade Sails

Brimbank Council undertook a new adventure playground development at this site.

As part of the Stage 2 works, two shade sails were designed and installed for over the new play area.

Fall zone requirements in relation to the playground equipment needed careful consideration in the design of the shade sails as did height requirements for the sails as the play area is built on different levels.

Access limitations to some of the shade post locations required well thought out installation planning and co-ordination.

Client:
Exterior Landscape Concepts
(for Brimbank Council)

Location:
Deer Park

Date of Completion:
September, 2012

Product Type:
Shade Sails

Fabric Type:
Monotec Series 370
shadecloth

Steel Finish:
Three part epoxy paint finish

Scope of Works:
Design
Engineering
Project Management
Installation

Area of Coverage:
135 square metres

Function:
Provide shade for new
adventure playground
