

Northern Memorial Park

Shade Sails

Northern Memorial Park is a new cemetery facility in Fawkenr. Part of the main building constructed included a Café with outdoor deck area for patrons.

The client was seeking shade over this area. Shade Living designed and installed two dramatic hypar (twisting) shade sails to cover the space.

The shade sails substantially improve the functionality of the space and visually compliment the building picking up on the angles of the raked roof.

We were able to utilize the large steel columns within the existing building to fix the shade sails to which eliminated the need for new posts to be installed against the building.

Client:
The Greater Metropolitan
Cemeteries Trust

Location:
Fawkner

Date of Completion:
January 2013

Product Type:
Shade Sails

Fabric Type:
Monotec Series 370

Steel Finish:
Hot dip galvanised

Scope of Works:
Design
Engineering
Project Management
Manufacture
Installation

Area of Coverage:
150 square metres (approx)

Function:
Provide shade to outdoor cafe
deck area
