

# Oak Park Pool

## Shade sails

Moreland Council was seeking shade over a terraced seating area adjacent to the main Olympic sized pool as area is heavily used for school swimming carnivals as well as shade over one end the learner's pool.

A five sail hyper design sail on 12 posts was installed over the terraced area creating an aesthetically pleasing outcome.

In order to cover the 12 metre span over the learner's pool a dual hyper shade sail structure was installed with a linked tracer cable supporting both of the sails over the pool. This innovative design is both effective and eye catching.

**Client:**  
Moreland City Council

**Location:**  
Oak Park Pool,  
Pascoe Vale, Vic

**Date of Completion:**  
December 2008

**Product Type:**  
Shade sails

**Fabric Type:**  
Synthesis Commercial 95  
shadecloth

**Steel Finish:**  
Galvanised and luxathane  
coated.

**Scope of Works:**  
Design  
Engineering  
Manufacture  
Project Management  
Install

**Area of Coverage:**  
360 square metres (7 Sails)

**Function:**  
Shade protection over  
terraced seating area and  
learners pool.
