

# Pascoe Vale Outdoor Pool

## Mono Hypar Umbrellas

Moreland Council were seeking shade over a small area of the concourse between the two pools to provide shade to the life guards. In addition to this they were seeking shade over the canteen line up area.

Due to the limited opportunities for installing posts in the canteen area side post mono hypar umbrellas provided the ideal solution.

The end result was both eye catching and effective in terms of shade.

**Client:**  
Moreland City Council

**Location:**  
Pascoe Vale Pool, Pascoe Vale

**Date of Completion:**  
October, 2008
