

# Plenty Valley Christian College

## Shade Sail Structures

As part of major building works the college designed an amphitheatre seating area adjoining the classroom block and shade structures were integrated into the design by the architect. Coverage was achieved by four free standing shade sails connected to steel columns cast into the concrete seating area.

**Client:**  
Fimma Constructions Pty Ltd

**Location:**  
Doreen

**Date of Completion:**  
October 2011

**Product Type:**  
Shade Sail Structures

**Fabric Type:**  
Polyfab Comshade 90

**Steel Finish:**  
Hot dipped galvanised

**Scope of Works:**  
Design  
Engineering  
Manufacture  
Project Management  
Install

**Area of Coverage (Approx):**  
270 square metres

**Function:**  
Shade protection for  
amphitheatre seating area
